

## BELOVED SAINT GERMAIN'S DISCOURSE

OURAY, COLORADO – THE LODGE NOVEMBER 28, 1946  
THANKSGIVING DAY – WORLD-WIDE DICTATION

**M**Y BELOVED FAMILY OF FREEDOM throughout the World! I come to you in the Purifying, Forgiving Love of the Violet Consuming Flame to enfold the Earth in the most Wonderful Power which is within the Great Sacred Love of the Sacred Fire of God's Life everywhere; for the most wonderful quality within Divine Love is Its Capacity to forgive all that is less than the Eternal Happiness which Life intends every human being to enjoy.

So as I enfold you this afternoon in the Great Cosmic Action of the Intensifying Violet Consuming Flame from the Great Ascended Masters' Octave of Life, from My Great Temple of Freedom in the Electronic Belt around the Physical Sun, know that I have forgiven all that is less than the Freedom which Life intends, you too, My loved people of Earth, because I love you all; for Life, the Ascended Masters' Life is not concerned with human mistakes. It is not concerned with that which is less than Perfection! It is not concerned with anything but the expanding of the Perfection and Eternal Happiness in the Victory of Light, which abides within Itself.

Beloved mankind of Earth, you are not physical beings, so-called. You are Beings of the Sacred Fire, of the Love from God's Own Heart from out the Great Central Sun. You are Beings of Divine Origin, caught in the whirlwinds of unfortunate human discord throughout the atmosphere of Earth, from which you may turn at any moment when you recognize in the Use of the Great Creative Word – "I AM" – that there abides within Life the Power to produce all Perfection, established, protected, sustained and expanding for Eternity.

Therefore, in the capacity of Angel Deva of the Violet Flame, which "I AM" to the Earth, it is My Responsibility, My Choice and My Privilege to so expand the Forgiving Love of

Life's Great Creative Word, "I AM," so My Forgiveness and My Love can purify all that has been created of discord throughout the world. Therefore, as I have called you "My Family of the Sacred Fire of Cosmic Freedom," so do I enfold you today in My Mantle of Power, of Protection, of Authority to use the Great Creative Word of Life and call forth the Purifying Violet Consuming Flame as of a Thousand Suns to dissolve harmoniously all that mankind has created discordantly.

Mankind in the outer life in the physical experiences of the outer world has created so much of distress that the disintegrating activities of discord have made themselves felt everywhere in the minds and bodies of mankind and in the Powers of Nature. It is My Privilege to correct this! It is My Privilege to help you see how you, too, may wield the Divinest Powers in this Universe to correct anything that has been unfortunately created and is manifesting as discord.

Beloved Ones, mankind seeks to heal physical bodies and minds. Be as faithful as you can to the assisting of mankind out of physical distress; but Oh, Beloved Ones, enter into the Realm of Cause with Me and keep your Inner Eye on the healing of the wounds of hate. That is how in the Use of the Violet Consuming Flame in Its Great Purifying, Forgiving Love which is ever the Presence of Its Sacred Fire entering into a condition that is discordant, It dissolves that condition harmoniously and leaves it with the Eternal Happiness and Perfection which Life intends, enfolded in the Love of God's Heart to go forward and maintain Eternal Happiness to all Life.

To Our Beloved "I AM" Students throughout the World, We offer you Love and Congratulations beyond measure for the strength of each one of your Life Streams to hold to the Light and the acknowledgment of your own "Beloved I AM Presence," in the midst of the outer distressing conditions of the world about you. But just as the Sun's Rays can penetrate a fog and dissolve and consume it by raising it into Its own higher vibratory action of Life, so can you, My Loved Ones, even though you seem only a few in your respective countries, yet that few can by calling forth the Sacred Love of the Sacred Fire of God's

Own Heart in Its Most Forgiving, Dissolving, Consuming, Purifying, Freeing Authority and Victory of the Cosmic Christ, can you become a Blazing Sun wherever you move to lift the rest of Life into the Perfection and Eternal Happiness which God intends.

Oh, Beloved People, I plead with you everywhere throughout the Earth, be not concerned with mankind's mistakes and discord! Hold no resentment or irritation against that which is less than Perfection, because you have the Power to correct it. There is never a justification for hate! There never has been, there never will be! There is no justification to resent anything! When every Life Stream who is able to say "I AM" is endowed with the Power to call forth the Dissolving, Forgiving Love of the Sacred Fire of God's Heart to raise everything into Perfection, then there is never a justification for the discord that mankind is bound within this hour.

Will you come with Me, Beloved People of Earth? Will you raise your attention to the Supreme Power of the Universe? Will you live within the World of God's Heart? Will you have the Victory which Life intends and enjoy the Happiness of ever creating more and more magnificent Perfection, or will you go on in the vibratory action of the distress of mankind around you, until Life prods you forward by some Great Cosmic Action into the acceptance of your own "Beloved I AM Presence" — that Mighty Source from which everything good you have ever received has been released into your outer world?

Now in the responsibility which you face, once you understand the Knowledge of this "I AM," you have at your command Legions, uncountable Legions of the Angelic Host Who are Beings Who draw the Activity of the Sacred Fire of God's Love into any condition and sustain It, until It has been raised into the Perfection God intends, and in the Use of the Great Violet Consuming Flame which, in the Great Mercy of Life, the "Mighty I AM Presence" has offered to mankind to correct their mistakes harmoniously, you move forward with a Scepter of Power second to none.

The Violet Consuming Flame, which is directed from the

Ascended Masters' Octave and by the "Mighty I AM Presence" of each Life Stream into whatever condition you direct It through your Conscious Call and your "Mighty I AM Presence," using these "I AM" Decrees, then My Dear Ones, you have the ability to change any condition of distress into Perfection harmoniously and Eternally by the Use of the Violet Consuming Flame. And remember, whatever you command in God's Name must come into outer manifestation as Life intends, and the Word "I AM" is a conscious acknowledgment of the Presence of God's Life, limitless energy and Invincible Authority and Power wherever those Words are spoken into the atmosphere of Earth.

None yet understands what tremendous Power is existing and always ready to go forth at the Conscious Command of the individual who says "I AM." But Beloved Ones, since that is the release and the acknowledgment of the Perfection and Power of God's Life at whatever point in the Universe those Words are spoken, then in the Use of the Violet Consuming Flame to consume the discord harmoniously, you have the authority to produce God's Perfection permanently where imperfection seems now to appear.

Mankind has gone on in the struggle of the outer conditions century after century after century, and yet from age to age there have come Great Beings of Light and Love Who have sought to turn mankind's attention to the Powerhouse of the Universe and the Source of Perfection and help them rise out of the distress that is self-created. So will you come with Me and be part of My Legions of Freedom? My Legions of Purity? My Legions of the Sacred Love of the Sacred Fire; and help Me to lift mankind above the distress of the physical world and hold their attention upon the Source from whence Perfection comes, lift all out of the human and let them step forward into the Realm of the Divine, Free Beings, Eternally Happy – co-creators with the Great Cosmic Beings Who govern the Activities of Systems of Worlds?

Oh, My Loved Ones, every human being who understands that above the physical body abides the "Mighty Beloved I AM Presence" and the Ascended Host of Light, as well as the

Angelic Host – every individual who understands This Law can from this hour by keeping the attention away from the discord and anchoring into the Full Power of the Perfection which Life intends, move forward as part of My Legions of Freedom; Freedom from every human limitation; Freedom from all that has caused the distress of the centuries. And turning back again to the Source from whence Life has given you your individualized embodiments, you may become One with the Source of Perfection and go on in boundless creative activity, joyous beyond words to express; Invincible in the Power and Love of God's Sacred Heart, to move in a world of your own, yet drawing Power to set your fellow man free, forever free from that which was never intended to be expressed by Life anywhere.

Just because mankind has forgotten the meaning of the Word "I AM" – the Great Creative Acknowledgment and Consciousness of Manifestation by the individual who uses It, is no reason mankind should longer go on in the distress of the outer world, when God intends them to be free; but wherever your attention is, the energy of your Life Stream flows.

Therefore, today "I AM" determined to lift the attention of all mankind unto the Victory of the Ascension which Beloved Jesus left as a Magnificent Example of His Blessing to Life. That Etheric Record over the Hill of Bethany stands as a Living Magnet to draw all Life of mankind up into the Perfection which Life intends; and those who will give the attention of the outer personal self – first to the "Mighty I AM Presence," recognizing and accepting Its Reality; and then calling Its Power into outer use and using that Power to free Life everywhere, will move forward in the Victory of My Freedom. There are countless Legions of Freedom ready to assist those who truly want the Freedom of God's Heart.

Oh, Beloved Ones, throughout the World, feel that each of you stands within a Blazing Sun of the Freedom from the Great Central Sun, anchored in and around all who will call It into outer action to free the rest of Life, but be not concerned, My Dear Ones, longer with the criticism, condemnation and blaming

of that which is wrong, when above you stands the Boundless Power of Life – the Unlimited, Ever-expanding Sacred Love of the Sacred Fire of God’s Heart ready to surge forward at your Conscious Command and move into outer action that which compels Perfection made manifest.

The Greatest Privilege of Life is the Forgiving Love which is within each one’s Life Stream. If those who are recognizing the “I AM Presence” and using the Violet Consuming Flame will see only Perfection and the Freedom they desire, closing out by Conscious Command all discord in the world around them, they will move forward as Blazing Suns to assist the rest of mankind to be Free. And Oh, Beloved Ones, no one but the Ascended Ones know how much the hearts of mankind crave Freedom from distress. Century after century, the selfishness of criticism, condemnation and blame have caught mankind in war again and again. Now with your assistance, your Conscious Acknowledgment and your Forgiving Love of the Sacred Fire, We may all move forward and give Freedom to Life everywhere you move by the Use of that “Mighty I AM Presence” and the Violet Consuming Flame.

Then, My Dear Ones, in the Victory which you really crave, in the acknowledgment of the Great Sacred Love and the Sacred Fire of the Cosmic Victory which God intends, you may clothe yourselves with a Scepter of Power, a Mantle of Peace and the Invincible “Light of God that never fails,” and go forward manifesting in outer action that which assists your fellow man to be Free. Oh, the world around you is filled with so many Miracles and Manifestations of constant Perfection and Blessings which Life so lovingly bestows. Let us be worthy of all that Life has placed here at our disposal, and use it to fulfill the Divine Plan instead of human desires, then will you find the happiness you have sought through the centuries becoming a Reality manifested in the world around you for the Freedom of all.

Oh, My Beloved People of Earth, the Destiny of this World and all upon it is the Perfection of God’s Heart – the Victory of Light, the Freedom of the Forgiving Purity of the Sacred

Fire; and if you will be concerned with That, and know you are an Open Door at all times through which It may flow with unceasing Power, with Herculean Strength and move forward in the Authority that is yours by Divine Right, My Loved Ones, you shall be the Beings, the Power of Light and Love and Wisdom which God created in the beginning, that is still your destiny, and which you may draw into action at the present moment for the Freedom of your fellow man, and use constantly the Dissolving Sacred Fire of Sacred Love and see for yourselves the Truth of My Words; for I said in the beginning I would never give you anything but verifiable Law, which you may prove for yourself, within yourself, and become the Fulfillment of Its Divine Perfection and release the Power and Victory to set your fellow man Free.

There has come forth so much of Life's Blessing upon this Earth from age to age that now We are determined to move forward and show mankind the Divine Way to live Life. Mankind through the centuries has lived lifetime after lifetime in the world of their own desires and the outer world's discord. Today is proof that somewhere the Great Secret of Life, lived as God intends, was lost through the ages, and that was the remembrance of the meaning of the Words "I AM." Now in the full acceptance of that "Beloved Mighty I AM Presence," which is within the Heart of every human being on this Earth, there can be drawn forth into outer action that which forever compels Perfection.

Every individualized Life Stream is a Focus of the Sacred Fire from the Great Central Sun. There is a Divine Plan for your existence in this World; and the Earth and all upon it is governed by Divine Law, Divine Intelligence and the Mighty Blazing Love of the Sacred Fire of the "Mighty I AM Presence." Mankind, if they will only understand the meaning and the Power within those words and follow them always with that which is the Acknowledgment of Perfection — that which releases the Vibratory Action which creates the Perfection every Heart craves, you will find like the Sun coming through the cloud, the storm of human discord parting and passing into the

Violet Consuming Flame and letting Life go forward to fulfill Its Great Destiny of Manifestation.

Oh, My Beloved Family of Freedom, how much do you want Freedom from the distress you have had through the centuries or through the years past? How much do you want Freedom from your problems today, or your sense of struggle and distress in the mental and feeling world? Do you want Freedom? Certainly you do! Because you are the Divine Flame of Life's Freedom from the Heart of the Great Central Sun. Then I say to you, USE, USE, USE the Acknowledgment of your Freedom. Use the Violet Consuming Flame to consume everything that is not your Freedom and acknowledge the Victory of Freedom everywhere you move, and remember for all Eternity that the Divinest privilege of human beings on this Earth is to call forth the Forgiveness of the Sacred Love of the Sacred Fire.

Supposing no one forgave you for your mistakes – and anything that is less than Perfection, My Dear Ones, is just a mistake so far as the Great Cosmic Law is concerned. The Great God Presence of the Universe, the Mighty Beings Who govern the Destiny of this World and all upon it from the Great Central Sun, are not Beings of revenge. They are not Beings of intolerance. They know the Eternal Power and Happiness of the Forgiving Love of the Sacred Fire and They use It wherever mistakes have come forth, because mankind did not understand and feel their responsibility in the use of Life's Great Energy.

The scientific world has sought to harness energy and direct it to fulfill the desires of man, but few, very few, have sought to understand the Law of Energy and harness Its Power and use It to produce the Perfection of God and to fulfill the Divine Plan of Life as Life intends. If the outer world and all mankind will turn their attention to the use of energy and feel their responsibility of its reaction, they will learn the Truth of Life and enter into the Powerhouse of the Universe and become co-operators and co-workers and co-creators with That which is the Supreme Presence of Creation, the "Beloved Mighty I AM Presence," the Sacred Fire of Life within the Heart of every

human being on Earth. And My Loved Ones, that is the warmth in the body, for the moment the Life Flame withdraws, the body becomes cold, proving that Life is the Sacred Fire which causes action and releases the Directing Intelligence which governs substance and energy everywhere you move.

Now Beloved Ones, learn to qualify everything with the Great Sacred Love of the Sacred Fire of Freedom — God's Freedom which moves you forward in boundless, Victorious Accomplishment, wonderful creative activity, but removes your problems, your distress and your obstacles. There is no dissolver of human problems and struggles and distress but God. Mankind does not free themselves from the struggle of the outer world's limitations, except by the Acknowledgment and drawing forth of the God Power of the Sacred Fire; and just as you use the physical flame to consume the substance of the outer world that is no longer of use, and return it to the Universal and clear your pathway of debris, just so from the Inner Standpoint must mankind learn to use the Violet Consuming Flame and know the Directing Intelligence of the "Mighty I AM Presence."

Every discordant thing that has ever touched the consciousness of mankind can be dissolved instantly by the Violet Consuming Flame, the pathway cleared and the Perfection and Victory that Life intends take its place and move forward and release the Joy which blesses all Life for Eternity.

My Beloved Ones, I have said repeatedly, never let down on your calls for Protection as long as you are in the physical body. Now what is that Protection? It is your insulation by the Sacred Fire of the Forgiving Love of your "Mighty I AM Presence," pouring forth through you as a feeling which insulates your being and world against the discord of the world around you, until you become such a blazing Focus of the Sacred Fire of the Victory of Freedom that you can give It to all Life. Then will your presence be a Blessing everywhere you go! Then will the Boundless Gifts which are within Life — all the Life in Creation — surge into outer action at your command to set Life free from everything that is of limitation or distress wherever you move — be that animal, mineral, Plant Life or that of human beings around you.

The obligation of every Life Stream on this Earth is to call the Boundless Powers from the "Mighty I AM Presence" and the Ascended Masters' Octave into outer action to free all Life everywhere from every quality that does not produce Perfection. Oh, if mankind would study Perfection and study Freedom and study the effects of using energy to produce the Perfection of the Divine Plan fulfilled, instead of the continual gratification of human desires, no one on this Earth would know what distress was.

Now whether mankind want their Freedom or not is of little consequence. The Great Universe is run under the direction of Law. Therefore, since I have taken the responsibility of cleansing and freeing the Earth from all that has been of human distress, I move forward in the Authority and Power of the Violet Consuming Flame, and that is My Forgiving Love to all Life; and all Life will one day love Me and love each other as I love Life. I tell you frankly, there is no happiness anywhere in this Universe unless there is the feeling of Forgiveness within you, which dissolves the imperfection and feels the Mastery of calling forth Perfection wherever you move, at your own Conscious Command.

Therefore, waste no time criticizing, condemning or blaming anybody or anything. Just be like the Sun – the Mighty Outpouring of the Forgiving Sacred Love of the Sacred Fire; and wherever that Fire passes, It purifies all things, reveals Its Own Beauty, stands Master of all substance and energy and goes forward in the Eternal Happiness God intends.

Oh, My Dear Ones, take the Mastery of your Life today! BE that Mastery to your fellow man and lift, lift all you contact and be not concerned with the mistakes of those who are seeking the Light, but are held in the shadows, for they know not which way to turn. Oh, what is gained, My Dear Ones, by generating discord? What is accomplished anywhere in Life when you generate discord? You but torture yourselves! You bind yourselves; and you are bound by what? Your own qualification of Life. You may reverse that at any moment and where imperfection seems to be, you may call forth the most wonder-

ful quality of God's Love in this Universe as the Power, the capacity to forgive, the Power to free Life, substance, energy and consciousness from everything that is not the Beauty and Perfection of God's Heart.

And what is God's Heart? So far as this System of Worlds is concerned, It is the Great Central Sun or the Supply of the Fire Element to this System of Worlds, directed by the Great Individualized Beings Who are There. All through the centuries, My Dear Ones, mention has been made of these Great Magnificent Masters and Cosmic Beings and Great Beings of the Angelic Host. The reminder of these Beings has been given to mankind through the centuries, and yet in the feeling world most of mankind, because of the doubt around them, failed to recognize that those Beings existed in the Universe – Beings wholly of Divine Love Who are ready at any moment to forgive the human and replace it by all that is Divine and take the hand of those who seek the Perfection of Life, and instruct them again in the Use of the Great Creative Word "I AM" and return them to the Great Balanced existence which Life intends.

Then are you worthy to be entrusted with the direction of limitless energy, because you will always use that for the Perfection of Life wherever you move. The responsibility in the direction and use of Life's Energy is absolutely irrevocable. No human being on this Earth can use the energy of God's Life and Love in the physical octave and not have to experience the effects in the direction of that energy.

Now mankind may just as well have the boundless energy of the Love and Freedom of the Sacred Fire, which "I AM," and use the Violet Consuming Flame, as they can to go on using energy and yet not understand that they must always handle the effects of that energy once it comes forth into the atmosphere about them.

So Beloved Ones, be a part, if you will, of My Great Legions of Freedom; My Legions of the Forgiving, Purifying Love of the Sacred Fire. Call the Angels of the Violet Flame Temple to come to your assistance when struggles seem to beset you, and demand your Freedom by the Love of the Great

Forgiving Love of the Sacred Fire; and there will come to you Great Beings of the Angelic Host. The Angelic Host are as Real as Reality can be. Mankind in their daily existence gives so little attention to the understanding of the Great Reality of the Universe, and they only have as much as they recognize.

Now My Dear Ones, I offer you the Open Door to Freedom. The Beloved Master Jesus said: “ ‘I AM’ the Open Door which no man can shut,” and the “Mighty I AM Presence” of every Life Stream on the Earth is that Open Door into the Use of the Violet Consuming Flame that no human being on Earth can remove from the Universe. Mankind may refuse to use these Great Powers of Life, but they cannot take their reality out of existence.

Therefore, Beloved Ones, I enfold all the “I AM” Students in foreign lands in the Most Forgiving Love of the Sacred Fire of My Freedom. I give and give and give you everything which will produce Freedom for you, everything which will enable you to free your fellow man, everything which will enable you to release Life, substance and energy from all discord wherever you move. Then will you be the Being of Blessing and Gifts which Life intends wherever you move in the Universe to raise all you ever contact.

Oh, Life is so wonderful! The Ascended Masters’ Octave is so beautiful! The Great Angelic Host are the Directors and the Guardian Presence of the Action of the Sacred Fire from the Great Central Sun. And you may have Them, My Loved Ones, without limit if you will consciously call Them into action to free your fellow man.

Let those under This Radiation seal the Door today of their beings and worlds against the discord of the outer world; and then drawing the Sacred Fire of God’s Love through yourselves, command the Violet Flame to come forth and go into the outer world as the Authority and Mastery which Life intends; and free your fellow man from everything that is of distress, but keep your Inner Eye on the healing of the wounds of hate. Be no part of the hate of the world of mankind’s unfortunate disturbed feeling world! Do not become a part of

that and I will show you the Miracles, the Victories, the Self-Sustained, the Self-Evident Action of the Law which none can ever deny, and none will ever want to disobey.

People become discordant because they do not understand where to look for the Power which enables them to be the Master Presence of Life. So now, arise with Me, My Beloved Ones who have recognized the "I AM Presence," and call It into action and go forward wielding the Scepter of Power which frees Life forever. Everything that is above you is ready to serve you to produce Perfection. Everything that is around you of human discord can be dissolved, because it is not Eternal. Therefore, My Loved Ones, whatever the distress of the outer has manifested in your world – forgive it, forget it, loose it, let it go and flood forth the Great Oceans of the Ascended Masters' Forgiving Love of the Sacred Fire; and come with Us into that Activity and Manifestation which Life intends and produce the Perfection on this Earth which will free all Life. For I tell you truly, and remember My Words today – before fifty years are over your heads, the Perfection which God intends on this Planet will be so magnificent, so transcendent and shall come into outer action in such Victorious Power as has never come to Earth before in any age!

Come! Be a part of that with Me and reveal the Freedom of the Forgiving Love of the Violet Consuming Flame and the Authority of the "Mighty I AM Presence" and Ascended Masters' Consciousness wherever you move to enjoy the Great Glory which Life intends you to have. "I AM" determined you shall not stay in the limitations of human distress when My Love is greater than all human mistakes put together. I can love more than all mankind's discord, and so can Others of the Ascended Host Who have from age to age brought Their Love to the Earth. But suppose, My Dear Ones, all Love were removed – I mean the Ascended Masters' Love – were removed from this world and mankind, what would you have? What would your conditions be?

Well, then if the Forgiving Love of the Sacred Fire of God's Heart – the "Mighty I AM Presence" and the Violet

Consuming Flame – is what is required to dissolve the discord around you, come and use the Scepter of Its Power! Let Me clothe you in a Mantle of Its Protection. Go forward and loose Its Blessings to Life and show mankind once again the Way unto the Father’s House, the Source from whence all mankind proceeds. All discord must one day dissolve and none on Earth or all mankind put together can ever remove the Forgiving Love of the Sacred Fire or the Ascended Masters or your own “Beloved Mighty I AM Presence” from the Universe! None can take That out of existence, and yet you have the Power by the Use of That to take out of existence anything that causes you distress.

Know that “I AM” your Eternal Friend of the Victory of Freedom! Know that “I AM” your Eternal Friend of the Sacred Fire and the Forgiving Love of the Violet Consuming Flame, and never again be concerned with condemning anything that is of discord, when in one Mighty Call, the Violet Consuming Flame can pass through a condition and change everything within it for the betterment of all.

Oh, My Dear Ones, the Power of the Sacred Fire of God’s Heart is so magnificent! The Ascended Masters are so willing to assist you, and now as We close in Our Love and Blessings to the foreign Study Groups, all in foreign lands, know that you are no farther away from Us than your own heartbeat, for We are One with your Life. We bless you with Our Love! We stand as Champions of your Freedom. We hold you in Invincible Protection in the Sacred Fire of God’s Heart and the “Beloved Mighty I AM Presence,” the Ascended Masters, the Cosmic Beings and the Great Angelic Host shall stand and assist you without limit. Turn your faces up to the Source of your own Beloved Life, the “Mighty I AM,” and give your Calls to Life; and the Miracles you have always desired, the things which are the Divine Plan of your Life Streams, shall come to assist you.

We are your Friends of the Light! We are not concerned with your limitations and mistakes, except to dissolve them and set you Free, for Freedom is the Day-Star that leads mankind unto the Heights and Victory of Attainment which God intends.

The Great Enfolding Flaming Substance from the Secret Love Star, the Violet Consuming Flame of Thousands of Suns and the Forgiving Love of My Heart, shall forever stand beside you until everything of discord has been dissolved from the Universe, and even the memory of it wiped from Life's Great Records for Eternity.

Know My Love, My Gratitude to you is boundless, and I wish to thank our Beloved Donald and everyone of the technical engineers who have assisted Us to encircle the entire Earth today, for this day My Violet Flame enfolds the entire Earth and all mankind shall feel My Love; all mankind shall be Free in My Love! I remain your Ascended Master Friend of the Light until that hour when I greet you in the Ascended Master Octave and We move forward to Cosmic Work for Eternity.

Oh, My Love and My Gratitude to you is boundless for your Strength and Power to hold to this "Beloved I AM Presence" in the midst of the outer world. Now the Light and the Sacred Fire and all Beings of Perfection shall come to your assistance, and never again shall you know aught but the Victory which Life intends.

With My Love, My Light and My Violet Flame I enfold you until I welcome you into the Ascended Masters' Octave of Light for Eternity. To the foreign Study Groups, I say adieu but never good-by. We stand in the Violet Flame Eternally Free!

Now to the American Study Groups do I wish to thank every one of you for all you have done to enable these Dictations to go to our Beloved Ones in foreign lands. My Love to you is boundless and My Gratitude is Eternal, Precious, Precious, Precious "I AM" Students of America, Canada and Honolulu. Oh, Beloved Ones, you will never know until your Ascension how ready "I AM" to stand by you and give you the Fulfillment of your every Heart's desire, for the strength you have had to stand in the storm of the outer world and hold to This Light and hold My Light high until My Freedom can come to all whom I hold dear – and We love all Life.

There are some who have been closely in association with Us through the centuries – those whom We feel are particularly

attuned to some of the work at hand; and We have never been separated very long at a time. but Oh, My Dear Ones, If you will help Me to set the rest of mankind Free, I shall show you what the Gratitude of an Ascended Master can be for all Eternity. I have loved you for seventy thousand years and some of you longer than that. My Love is forever! Therefore, help Me to dissolve the discord in the world around you and I shall show you what the Ascended Masters' Flame of Gratitude is to Life.

The Beloved Godfre, the Beloved Jesus, the Beloved Mary, the Beloved Goddess of Justice, the Beloved Nada, the Great Divine Director, the Archangel Michael and all the Great Ones are here today; and I wish to say to the entire Student Body for the first time in this "I AM" Activity have all of those of the Students who have attained the Victory of the Ascension been present here in the mountains today to pour Their Love and Their Flame forth to all who have received this Dictation over this marvelous arrangement.

May the love of the whole Student Body enfold the Earth from now on and take all into that Great Sacred Freedom of the Love of God's Heart, for there is no Freedom, My Dear Ones, except by the Forgiving Love of God's Sacred Fire. From today may I be privileged to assist everyone of you to bring into outer manifestation whatever fulfills the desires of your Hearts, so long as they are constructive and help to set Life free and create Harmony and Beauty and the Victory which Life intends everywhere.

Oh, Beloved "I AM" Students, you can never know the Love of the Hearts of the Ascended Masters until you enter into Their Octave where all there remember for Eternity, but until then "I AM" determined that I shall flood My Love to you until you shall feel It in the midst of anything. Therefore, We are never separated. "I AM" with you always, as is the Great Master Jesus and the Beloved Godfre and all the Ascended Host, Who ask Me to convey to you Their Love, Their Blessings and Their Gifts to you. From this hour shall be revealed to you the Secrets of many things you have sought to know, and now shall become the Miracles of Manifestation in your own Life Streams.

Be dauntless in your determination to hold Freedom! Reach your hands up above and ask for these Magnificent Powers of Life which have never come forth before to this System of Worlds, and you will find Our Door is open. Everything you ask which is of Life's Perfection to bring Perfection here and make Life more Joyous and more Victorious in all constructive activity, you will find We will flood those Blessings to you beyond Measure. There is not one thing I will withhold from any of you so long as you take your stand to shut out discord and live in the World of God's Heart to produce Perfection. And once you understand how you can concentrate the Sacred Love of the Sacred Fire into everything to be the Mastery of a condition which changes it harmoniously, once you begin to feel the Scepter of that Power, once you build a momentum of Its Action, will you know that Victory is always at hand and your world is the Freedom of the Sacred Fire and Love of My Heart.

"I AM" not concerned with anything except to pour the Love of the Sacred Fire which is Freedom; and the Freedom I offer is for Eternity! Thank you, Beloved Ones, for every effort you have made to help carry This Light of the "I AM," to sustain and expand It until every Life Stream awakens into the full acceptance of the "Mighty I AM Presence," for even though there only be a Spark in the Unfed Flame in each Heart, that Spark can be fanned until the Flame bursts through and consumes everything that is less than the Great Perfection of Our Octave of Life.

Now may the Boundless Blessings, the Secrets, the Powers, the Victorious Accomplishment you have always desired, come into your outer use in such overwhelming onrush that those under This Radiation go forth the Vanguard to correct conditions and reveal the Power the "Mighty I AM Presence" has to undo the work of every destructive force until mankind can no longer remember the hours when they were disobedient to the Great Supreme Presence of Life, the "Mighty I AM." We have forgiven and forgotten all mistakes! We ask you to do likewise, and if you will, you will see the conditions in your

minds, your bodies, your finances, your affairs, your problems will be no more, because Our Love will have taken their place for Eternity.

Take your stand for America's Freedom, for Her Freedom is destined to possess all within Her borders forever. America's Freedom and Victory of the Light is assured! It but means for Her people to expand and expand That Light of their own free will to enable It to surge forth everywhere into outer action and correct the conditions that cause struggle to Her people.

Oh, Beloved Ones, just pour without limit everything of the Sacred Fire to enfold the Earth; and even conditions in foreign lands that have seemed to be of distress, you will find the Cosmic Light penetrate and dissolve and consume until mankind returns again to the sanity of Life as God intends. Oh, My Dear Ones, the limitless energy which is at your command when qualified with the Sacred Love of the Sacred Fire will reveal to you such magnificent accomplishment as nothing else can bestow.

I but ask you to experiment and when you have gained a certain momentum of This you will find there are no more veils between. You will have established the habit of raising everything by the Sacred Love of the Sacred Fire and then you will find that Our Presence, visible and tangible, will come to you as clearly as you visit with each other; and every time We come, there will be another wave of Light released to lift mankind. Oh, help Us to perfect this Beloved Land of America, make It the Land of Light and the "Cup" of Light for the Freedom of the World, and you will move forward in the Destiny of Perfection, wielding the Scepter of Power which is recognized throughout Infinity as the Supreme Authority of the "Mighty I AM" and the Ascended Host.

Long before your Ascension, My Loved Ones, can you wield Power that to the mass of mankind seems miraculous and yet it is but the concentration of energy to a certain point, qualified with the Sacred Love of the Sacred Fire. I assure you one day you will face Me and admit My Words are true. I told you I would never give you anything but verifiable Law, and the

thing I want you to prove to yourselves this hour and every day from now on, that as you dissolve hate and the wounds it has inflicted upon Life and replace it by the Sacred Love of the Sacred Fire, will you experience a Happiness which will automatically release the Full Mastery of your Higher Mental Bodies through your physical forms, and on a moment will you draw forth Power to do things you have never done before.

Come! Live in Our World of Miracles! BE their Manifestation to mankind and show blessed, blessed humanity everywhere the Open Door out of the wilderness of the shadows and into the Realm of God's Light for Eternity.

"I AM" your Freedom! "I AM" the Victory of the Sacred Love of the Sacred Fire, and were I to talk to you for the next thirty days I would keep on repeating that to you until every atom of your being sings with the Full Authority, Mastery and Perfection which It brings.

"I AM" so grateful, Beloved Ones, to everybody, whether it be the Student Body or those of the outer world who have co-operated with you to carry This Light. I shall stand guard and bless you forever for everything you have ever done – the slightest thing to help Me. To the unfortunate ones who may have criticized, Oh, We will not be concerned, Dear Ones. Let Us forgive and forget it, and demand the Freedom of those Life Streams, because they are in such distress. Oh, let Us have no enjoyment seeing any part of Life in distress. We are no part of that. We are the Beings of the Sacred Fire, the Guardian Presence of Life to the Earth and those who have been entrusted with the fulfilling of God's Divine Plan – God's Divine Plan for the mankind of this Earth.

Do you understand what a Trust that is to the Great Beings from the Great Central Sun? When certain Life Streams have accepted that Trust, and those Great Beings have thought your Life, your Light had the strength to enable this to be manifested, truly you understand what a magnificent Trust Life has given into your keeping.

So the Trust of My Freedom today, My Dear Ones, is the Power which is yours to expand, to concentrate without any

limit, until you continually recognize and demand that everything in your Life Stream be charged and flooded with the Sacred Love of the Sacred Fire of the Cosmic Christ and the Protection be held around all you hold near and dear by Its Blazing Sacred Fire.

Then, My Dear Ones, as you exert your strength and that momentum grows greater in and around you, will you see as We have explained to you so many times that the Ascended Masters' Octave and the physical world are blending one into the other, and it will become so natural to live the Perfection of Life. All We have ever asked you to let go of are the things that have caused your distress.

Come! Live with Us in the World of Eternal Freedom and this is the Sacred Love of the Sacred Fire of the Cosmic Christ. This hour shall I flood that over the Earth! This hour shall Its Mantle and Living Flame enfold you all and the Legions of My Freedom shall stand your guard and hold that protection until your full Power is released and you know as We do that which is above, as well as that which is around you.

My Gratitude, My Love and My Freedom are yours for Eternity. As We enter into the Great Privilege of the Sacred Fire, as We enter into the Use of all the Powers of the "Mighty I AM Presence" in full Ascended Master Consciousness, while yet in the physical world, I ask you as our Beloved Frederick plays — "I AM" HERE — I ask you to accept My Visible, Tangible, Living, Breathing Ascended Master Presence with you in My Tangible Body as soon as possible. Now for the next five or eight minutes as he plays that, will you accept the Reality of My Living Presence with you, for then I shall show you many, many things which will be only Happiness and Freedom to you for Eternity.
