

Thanksgiving Day

Every day should be a Thanksgiving Day for every human being forever! Gratitude to Life for all It is and gives keeps the door wide open for Its Supreme Outpouring to come into the individual's use. Gratitude is harmonious feeling and brings back Limitless Supply to the sender . . . Beloved Saint Germain has given us the Ascended Masters' Golden Key for the Limitless Supply—on demand—of every good thing everyone desires if each one will make the Call to the “Mighty I AM Presence” . . . Let all remember to charge every day with the Supreme Outpouring of every good thing forever from the “Mighty I AM Presence” and Great Host of Ascended Masters, and send it forth for the Freedom and Blessing of all. Then every day will be a Thanksgiving Day for the whole of mankind and the Earth, and all shall have the Supreme Outpouring intended for them from the beginning!
