

## Beloved Aries

**W**hen it comes to the control of Powers that otherwise would be destructive, when you acknowledge within yourselves—having first sent this Love to your “Presence” and the Great Central Sun Magnet—when you acknowledge, “ ‘I AM’ the Cosmic Law’s Victorious Control of the Powers of Nature and Forces of the Elements by the Victorious ‘Mighty I AM Presence’ which ‘I AM,’ and the Love of the Sacred Fire compels Perfection here,” then will you have come to you—through the Magnetic Power of that Love—the Beings of Nature and the Powers that produce Their Perfection through those channels. And by what you might call by coincidence, but which is only the action of a Law, will you find many things in Nature bringing you Blessings that you never dreamed could be yours.

The Beings of My Element bring tremendous Powers of Illumination to the intellect. When you demand that all the Beings of the Elements be now controlled by the Love of your Victorious “Mighty I AM Presence,” just keep charging It forth and see for yourselves what the Powers of Nature and the Beings of the Elements will do for you. There are many, many Secrets in Nature that man has never touched; and there are certain Secrets and Powers of the Beings of the Four Elements that mankind can never have until the Immortal Purity of that Eternal Love from the Great Central Sun Magnet is set into action to draw those Blessings and Powers into your outer use with the Power that is always the Guard against their misuse.

There are certain magnificent Powers and Beauties in Nature that mankind has never yet beheld, but which will come forth when the Purification takes place and Love has become the Law of the World. Then will Love reveal to you Its Own; then will the Illumination of all that Love can bestow become yours in outer action; then will the Explanation come forth of those activities of the Forces of the Elements and the Powers of Nature by which you have been blessed so many centuries.
