

# THE AIR ELEMENT

## THE FIRE BREATH OF GOD

### BELOVED GODFRÉ

Whenever you think of the Fire Breath of God, thank your “Beloved I AM Presence” first; and don’t forget Beloved Aries. Don’t forget His Power in the atmosphere of this world to bless you with His Perfection, His Fire Breath of God. . . . Come and live within Our new Life, Our new Atmosphere, our Fire Breath of Our Perfection, and give the Mighty Aries an opportunity to bring you Inspiration and Illumination that will help you to go forward and make you Victorious everywhere in anything you attempt that is constructive.

### BELOVED GODFRÉ

There isn’t a breath you breathe that is not the Action of Love from Mighty Aries and the Beings of the Elements. Beloved Virgo and the Lord the Maha Chohan through the Powers of Nature release Their Purifying Blessings into the air, and you absorb those Blessings to expand Their Perfection within yourselves. So if you will all complete the circuit, so to speak—and the Blessings that come from your “Presence” and from the Powers of Nature and the Beings of the Elements—by pouring your love

and blessings to everything in Nature, automatically there will flow to you more of the supply and more of the transcendent gifts of Nature that must come forth to be used in the near future.

### **BELOVED LADY MASTER NADA**

When you hear the Messenger speak of the Mighty Aries as the Lord of the Fire Breath of the Almighty, I want you to understand what that means. That's the actual Sacred Fire of Life from the Great Central Sun as well as from your own "Blessed Mighty I AM Presence." It's also from the Physical Sun. It's also the Radiation from the Powers of Nature and Forces of the Elements, because the Fire Breath of the Almighty is the Life from the Great Central Sun that surrounds all Systems of Worlds, surrounds everything on this planet, and surrounds the physical bodies of the people. . . . This Fire Breath of the Almighty Love of the Sacred Fire of the Ascended Masters' Octave is the Control of the atmosphere of this world. It fills the atmosphere of this world, and if mankind understood how to call It in, through, and around your own conditions or into the Powers of Nature, this can and will control the storm—the destructive forces mankind has imposed upon the Powers of Nature and Forces of the Elements.

### **MIGHTY ELOHIM OF PEACE**

Mankind has not understood what the Words meant when We have spoken of the Fire Breath of God. . . . My Cosmic Flame of Peace from the Electronic Belt around the Physical Sun is like

your breath. We can anchor It around you and let you breathe It in. As It becomes part of your Life Stream, then as We release more Pressure, the next Wave goes out to penetrate all that is around you. The first Breath comes down and enfolds you and breathes within. You draw It into yourselves and It becomes part of your Life Stream. The next Breath comes down and breathes out around you to purify, harmonize, cleanse your world, and to give Assistance to whatever you contact. So, Beloved Ones, in Our twofold Action of the Fire Breath of the Almighty, I wish you to feel tonight as you accept It within your own world that It floods around you to breathe out and bless others.

### **BELOVED ELOHIM OF PURITY**

The Violet Consuming Flame is an Action of the Great Fire Breath of Life from the Great Central Sun. . . . In that Great Fire Breath of the Almighty do you have the Forgiving, Purifying, Dissolving Power of Our Great Love to Life in the Great Central Sun to you.

*The Voice of the "I AM," 1988.4:8*

### **BELOVED GODFRÉ**

The Flame in your Heart is but the tip, so to speak, of the Extension of your Individualized Flame from the Great Central Sun. Your hands are God's Hands. You are breathing in the Breath of God, the Great Fire Breath of the Almighty, which is Electronic Force. The scientific world calls It oxygen in the atmosphere, which is a tiny Spark of Flame. You are breathing It into your lungs all the time. It is the Fire Breath of the Almighty.
