

GEMS OF LIGHT

BELOVED MIGHTY CYCLOPEA

Chicago, Illinois • January 1, 1970

If you want Supply of every good thing, whether it be money or things or friends or anything—from the air you breathe, to your Ascension—when you want Limitless Supply of every good thing, again you’re going to have to turn back to your “Mighty I AM Presence” and the Ascended Host to charge in and around you the Fulfillment of Its Divine Plan that brings Its Divine Plan of Supply to you Its Way—not the way your human intellect thinks it might be accomplished out here by doing this or that or something else that the human intellect brings to your attention.

The other part of your Boundless Supply is this: When you learn to charge everything you handle, with the Ascended Masters’ Sacred Fire Power without limit of Sacred Fire Love’s Indestructible Purity and Victory over everything human, and then everything you use that comes into your outer world’s use, if you’ll just take time out—it won’t take but a second to think It and send your Love to your “Presence” and the Ascended Host—to charge into everything you use whatever We know will fulfill the Divine Plan for that substance.

If you were to take every piece of money that you handle, and when you handle it, ask your “Beloved I AM Presence” and Us to charge it. Now, money is not the root of all evil. Selfishness is. But poor old money is nothing on Earth but substance, just innocent substance; but you don’t have that concept about it, and the world doesn’t have it. But it is just substance. It’s just paper or metal, whichever kind you have.

If you will say to your “Beloved I AM Presence” and to Us, “Blaze through me into everything I touch”—whether it be money, supply, or the things, the Powers of Nature, or the things you use. If you’d just make it a habit and say, “ ‘Beloved I AM Presence’ and the Ascended Host, charge into me, and through me into everything I contact, whatever You know will prevent all wrong,” and you will be such a Blessing to every bit of substance in this world, even to the air you breathe and to the things you use—whether they be temporarily or permanently, matters not. Just form the habit of asking your “Beloved I AM Presence” and Us to charge into everything whatever Sacred Fire Love We know prevents all wrong wherever it goes the rest of Eternity. We can flash into that a Light. We can flash a Flame of Our Love, which is a Vibratory Action, which is a rate of Vibration, into that substance, that no human being on Earth can change! That’s Indestructible Protection.

When you are concerned about charging into everything in this world that has blessed you—because this world has blessed you down through the ages—if everything the world gives you to use from time to time, you just make it a habit to bless everything with your own “Mighty I AM Presence’ ” Sacred Fire, Purifying Love and the Command

to your “Presence” and the Ascended Host that charges into it whatever We know prevents all wrong, everywhere it goes the rest of Eternity, anywhere it goes in infinite space—if it is returned to the universal, bless it with whatever prevents all wrong, which means all discord anywhere it goes the rest of Eternity—you couldn’t lack for even a sheet of paper. Your supply will be so overwhelming and will bring you such happiness, because if you are willing to charge everything you use in this world with what the Ascended Masters’ Sacred Fire Love and your “Mighty I AM Presence” know forever prevents all wrong, and you send that forth constantly, do you know what It’s doing to your body? When that Love goes forth and that Command goes forth, It has already blessed the cells of your body. Its rate of Vibration has passed through the cells of your body and can’t help but keep your body perfect.

When these Master Powers of Life are all contained within the Sacred Fire’s Love and the Ascended Masters’ Consciousness, and if mankind would only draw It here, whoever is willing to draw Our Sacred Fire Power and Love and Perfection to Life into the outer self, and pour It then into everything you use, you couldn’t lack for a pin. The Blessings would be so great in your mind, in your body, in your affairs and the atmosphere about you, the Powers of Nature would bow to you and give you Their Blessings. This is the Fundamental of Precipitation, because you’ve got to love substance if it’s going to come into your hands at your Conscious Command and produce the manifestation of something that is constructive.
